# 2017 Report and current Projects

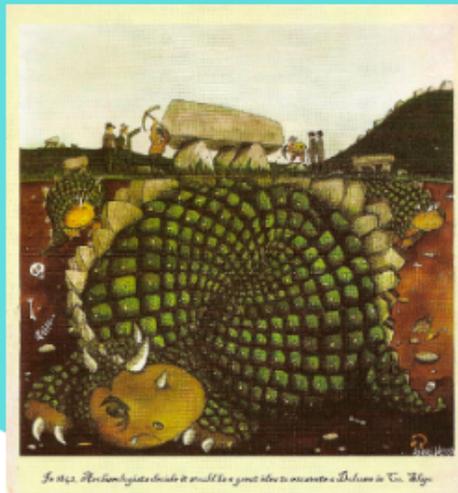

**Emilie Delpech**

Head of the MINEO Research and  
Education Program

# Introduction

**Scientific domains:**  
Geology is evolving  
The Earth is a watery place

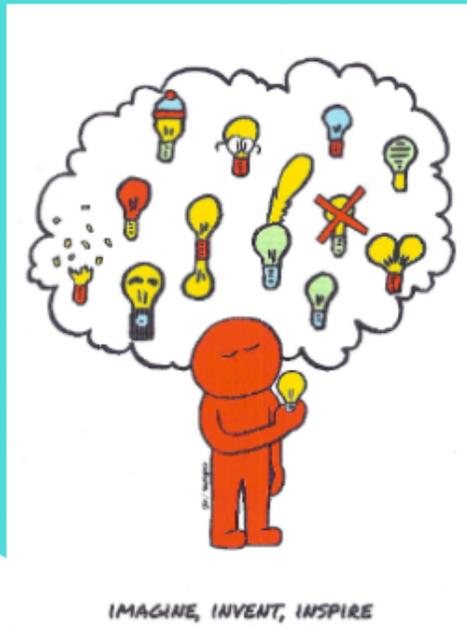

Mission

Vision

Strategy

# Mission

Goal

Goal

Goal

Goal

# Goal

---

- Education to Science
- Promote scientific knowledges and methodology

# Goal

---

- Protect natural and fragile environments
- Promote the sustainable management of natural resources, in respect of Nature and Human Rights

# Goal

---

- Promote the value of geological heritage (crystals, minerals, old mines, volcanic regions)
- Increase referencing of geological objects

# Goal

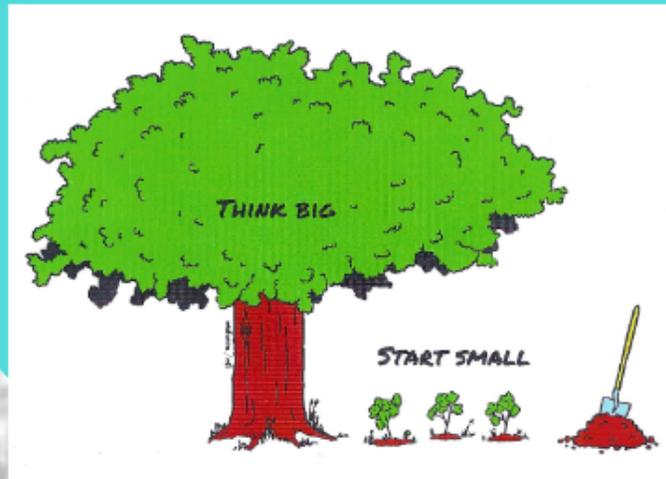

---

- Improve public awareness about environment and natural risks (landslides, avalanches and the risks associated with volcanic activity)

# Vision

Participatory action research projects

# Strategy

---

Science camps (Switzerland)  
Expeditions (Italy, USA)  
Educational school trips  
Educational events  
Scientific conferences  
Training
